

File No 6/17/2018-DGAD
GOVERNMENT OF INDIA
MINISTRY OF COMMERCE & INDUSTRY
DEPARTMENT OF COMMERCE
(DIRECTORATE GENERAL OF TRADE REMEDIES)
Jeevan Tara Building, 4th Floor, 5, Parliament Street, New Delhi-110001

Dated 5th April, 2019

Dear All,

Subject: PCN Methodology to be adopted in the Anti-subsidy investigation concerning imports of Continuous Cast Copper Wire Rods from Indonesia, Malaysia, Thailand and Vietnam.

1. During the oral hearing conducted on 29.03.2019, it was pointed out by various interested parties that the inclusion of certain ITC HS Codes had resulted in widening of the scope of PUC through inclusion of copper wire under its ambit. It was contended that imports from the subject countries comprise significantly higher proportion of copper wire whereas the product manufactured by the domestic industry has much higher proportion of copper wire rod as compared to copper wire.
2. In order to address this issue, it is proposed to adopt PCN methodology by adopting following PCNs for having a fair comparison between PUC and the like article.
 - a) Continuous Cast Copper Wire Rods
 - b) Copper wire
3. All the interested parties may file their comments, if any, on the above proposed PCNs latest by 18th April, 2019.

Yours Sincerely,

(Mithileshwar Thakur)
