Corrigendum
(Final Findings Notification)
(Case no. OI/03/2017)

Subject: Anti-Dumping Duties on Imports of Engineered Wooden Flooring from People's Republic of China, Malaysia, Indonesia and the European Union.

F.No.14/34/2016-DGAD: Having regard to the Customs Tariff Act 1975 as amended from time to time and the Customs Tariff (Identification, Assessment and Collection of Anti-dumping Duty on Dumped Articles and for Determination of Injury) Rules, 1995 thereof, as amended from time to time, the Designated Authority has notified the Final Findings in the anti-dumping investigation concerning imports of Engineered Wooden Flooring from People's Republic of China, Malaysia, Indonesia and the European Union vide Notification No.14/34/2016-DGAD dated February 13, 2018.

2. In partial modification of the above mentioned Notification, column no. 3 i.e description of goods in the Duty Table is modified and shall be read as defined in Para 37 of the final Findings Notification as under:

“Veneered Engineered Wooden Flooring typically has three layers viz "Top Layer", "Middle Layer" and "Bottom Layer". Top Layer is real wood which gives attractive look (owing to its wooden texture) and additional strength to overall construction. It can be made of one strip of wood, two strips of wood or three strips of Wood. Middle Layer which forms core of the overall construction and is made of "fibre board (MDF/HDF)". Bottom Layer is real wood which provides support to the overall construction. The PUC can however be of two or three layers also”.
