

**F. No. 6/7/2021-DGTR**  
**Government of India**  
**Ministry of Commerce & Industry**  
**Department of Commerce**  
**Directorate General of Trade Remedies**  
**Jeevan Tara Building, 4th Floor, 5, Parliament Street, New Delhi**

14 October 2021

To,

Interested parties

**Subject: Regarding PCN methodology and filing of Questionnaire responses in Anti-dumping investigation concerning imports of Electrogalvanized Steel from Korea RP, Japan and Singapore**

1. This refers to the captioned/subject investigation. Few interested parties had requested for formulation of PCNs for appropriate comparisons to evaluate incidence of dumping and consequential injury.
2. After taking note of the requests from the interested parties, the Authority proposed a PCN-methodology vide its letter dated 10<sup>th</sup> August 2021 and solicited comments on the same.
3. After examining the comments by the interested parties and subsequent discussions held with the domestic industry and the exporters, the following PCN-methodology is being adopted by the Authority in the subject investigation.

S. No.	PCN Parameter	Code
1	Bare Electrogalvanized steel	A
2	Coated Electrogalvanized steel	B
3	Laminated Electrogalvanized steel	C

4. While 3 broad categories of PCNs as above are being proposed, the option of filing even **further sub-product types under each PCN category** is being provided to enable the exporters to have the benefit of apple to apple comparison for dumping margins provided it is evidenced by data of both domestic and export sales.
5. In view of the above, you are now requested to file Questionnaire responses in accordance with the above PCN-methodology by **25<sup>th</sup> October 2021**. **No extension of time will be given by the Authority to file the questionnaire responses.**
6. This issues with the approval of the Designated Authority.
