

F. No. 6/1/2023-DGTR
Government of India
Ministry of Commerce & Industry
Department of Commerce
Directorate General of Trade Remedies
Jeevan Tara Building, 4th Floor, 5, Parliament Street, New Delhi

Dated: 8th May, 2023

To,

All interested parties,

Subject: Final PCN methodology adopted in the anti-dumping investigation concerning imports of “Easy open ends of tin plate, including electrolytic tin plate (ETP), measuring 401 Diameter (99MM) and 300 Diameter (73MM) in dimension” originating in or exported from China PR.

1. This has reference to the initiation notification F. No. 6/1/2023-DGTR dated 31st March, 2023 in the subject matter *vide* which suggestions/comments were invited from interested parties for construction of PCNs within 20 days from the date of issuance of the initiation notification. Various communications were received from the interested parties requesting extension of time to file comments on the construction of PCNs. Accordingly, one week extension was granted to file the comments on the PCNs till 27th April, 2023 *vide* communication dated 21st April, 2023.

2. The applicant reiterated that the facts of the case do not necessitate any PCN construction as such and requested the Authority to consider a model-to-model comparison as proposed in the application i.e., 401 Diameter (99MM) and 300 Diameter (73MM) for dumping and injury analysis. However, none of the interested parties proposed any PCNs.

3. It has been noted that there is significant variation between the prices of PUC of 401 and 300 diameter. Based on the merits of the case, the PCN methodology adopted is as under.

Sl. No	Diameter	PCN
1.	401 Diameter (99MM)	401
2.	300 Diameter (73MM)	300

4. The questionnaire responses are required to be filed on the basis of the above PCNs within two (2) weeks from the date of issue of this letter.
