

F.No. 06/10/2017-DGAD (Case No. – OI/16/2017)
Government of India
Ministry of Commerce & Industry
Department of Commerce
Directorate General of Anti-dumping & Allied Duties
Jeevan Tara Building
4th Floor, 5, Parliament Street
New Delhi – 110001

Dated: 12th March 2018

To,

The Domestic Industry and Other Interested Parties

Subject: Ant-dumping investigation concerning imports of 'Straight Length Bars & Rods of Alloy Steel' originating in or exported from China PR – Product Control Number (PCN)

Sir,

With reference to the subject matter, the Designated Authority had proposed, vide Notification F.No. 6/10/2017-DGAD dated 18 January 2018, to conduct PCN based analysis for calculation of dumping margin and injury margin. The domestic industry and other interested parties were invited to comment on the PCN methodology proposed in the aforesaid notification by 24 January 2018.

2. The Designated Authority has examined the comments of the domestic industry and other interested parties, and it has been thus decided to adopt the PCN methodology proposed in the aforesaid notification dated 18 January 2018. All cooperating producers/exporters from the subject country and the domestic industry are advised to submit their data in various prescribed appendices within three weeks from the date of this letter. The costing information may also be provided for each PCN separately. Such information should be filed in confidential and non-confidential manner as required under the Rules.

3. Cooperating producers/exporters from the subject country and the domestic industry are also advised to give the revised data in print and soft form by 2nd April, 2018.

Yours faithfully,

Anil Kumar Choudhary
Additional DGFT
