To

All interested parties,

Sir/Madam,

The Authority has conducted discussion on the above subject dated 30.04.2024 through virtual mode.

The Authority has examined the comments made by the interested parties with regard to the scope of the PUC and PCN. It notes that in line with its findings in previous investigations, Vitamin A Acetate and Vitamin A Palmitate are not 'like' products. No evidence to the contrary has been provided by the interested parties.

Accordingly, the Authority had decided to proceed with the investigation without PCNs and the scope of PUC remains the same as in the initiation notification dated 28.03.2024.

All interested parties are requested to file questionnaire response as by **28th May, 2024**.
