**Dated: 07.07.2025**

To,  
All interested parties

**Subject: - Final PUC/PCN methodology – anti-dumping investigation concerning imports of Low Ash Metallurgical Coke originating in or exported from Australia, China, Colombia, Indonesia, Japan and Russia.**

1. This has reference to the initiation notification no. 6/03/2025-DGTR dated 29<sup>th</sup> March 2025 *vide* which comments were invited from all interested parties on the scope of the PUC and PCN methodology proposed by the applicant. A meeting was held on 22<sup>nd</sup> May 2025 with the interested parties to discuss and understand the comments made on the scope of the product under consideration and the PCN methodology. All comments received from the interested parties have been examined.
  
2. After considering the submissions made by the interested parties, it is clarified that the scope of the PUC remains the same as defined in the initiation notification. Further, the Authority has adopted the following PCN methodology for the present investigation.

PCN Criteria	Description	Code sign
Ash content	Upto 13%	LA
	More than 13% and upto 18%	MA
Size	Size upto 10 mm	CF
	Size above 10 mm	OT

3. The specifics of any exclusion(s) are subject to determinations made by the Authority during the course of the investigation and the Authority reserves the right to make the final decision based on the investigation's outcomes.
4. In view of the above, all interested parties are requested to file questionnaire responses in accordance with the above PUC/PCN within 15 days from publication of this notice on the DGTR's website.
5. This issues with the approval of the Designated Authority.
