QUESTIONNAIRE
FOR PRODUCERS / EXPORTERS
ANTI-CIRCUMVENTION INVESTIGATION

Concerning alleged circumvention through Malaysia, Japan and Thailand of the anti-dumping duty imposed on imports of "Chlorinated Polyvinyl Chloride (CPVC) Resin - whether or not further processed into compound" originating in or exported from China PR and Korea RP

File No.	7/29/2026-DGTR
SETU Case ID	AD/AC/006/2026
Initiation Notification	16 September 2026
Period of Investigation	1 April 2025 to 31 March 2026
Period for examination	2022-23, 2023-24, 2024-25 and POI

This questionnaire is to be read with the Initiation Notification, the Anti-Dumping Rules, 1995, applicable Trade Notices and directions issued by the Authority.

Important Note:

1. The interested parties are requested to submit their responses strictly in the prescribed template. The producers/exporters are not required to submit a response to the standard anti-dumping Exporter Questionnaire issued on 24.09.2026 and shall instead file their response to this case-specific Anti-Circumvention Exporter Questionnaire. The Authority may, however, seek such further information, clarification or supporting documents as may be considered necessary for the purposes of the investigation.
2. **The last date for filing the questionnaire response is 11th November, 2026.**

APPENDICES - DATA FORMATS

General note: Provide all appendices in editable MS Excel format with formulas/links intact. The tables below identify the minimum fields. Add columns where necessary, but do not omit prescribed fields.

Appendix 1 - Related entities and role in the supply chain

Entity name	Country	Relationship	Shareholding %	Role (producer/trader/processor/etc.)	Relevant product/input	Period involved	Contact details, including phone number and email address

Appendix 2 - Annual capacity, production, purchases and sales

Provide separately for 2022-23, 2023-24, 2024-25 and POI; provide separate rows for CPVC resin and CPVC compound. Where the same facility/equipment is used for other products, report production of such other products in the last column and explain the basis of capacity utilisation.

Year	Product (Resin/ Compound)	Installed capacity (MT)	Production of PUC/PUI (MT)	Purchases (MT)	Domestic sales (MT)	Exports to India (MT)	Exports to third countries (MT)	Opening stock (MT)	Closing stock (MT)	Sales value - India	Sales value - domestic	Sales value - third countries	Captive consumption/ transfer (MT)	Capacity utilisation (%)	Other products on same/common facility – production of NPUC (MT)

Appendix 3 - Annual supplier/source summary

Year	Product/Input	Supplier	Actual producer	Related?	Country of origin	Country of export	Qty (MT)	Value (original currency)	Currency	Value (USD, if used)	Basis/documents for origin

Appendix 4 - Transaction-wise purchases/imports during POI

Txn no.	Purchase order/date	Supplier	Actual producer	Related?	Invoice no./date	Product/grade	Qty (MT)	Invoice value	Currency	Country of origin	Country of export	BL/AWB no./date	Import/customs entry	COO no./issuer	Batch/Lot no.	Payment reference	Warehouse/facility received

Appendix 5 - Transaction-wise exports/sales to India during POI

Txn no.	Invoice no./ date	Indian customer/ importer	Related?	Product form/ grade	Qty (MT)	Gross invoice value	Currency	Incoterm	Country of origin declared	Country of export	Producer	BL/AWB no./date	COO no./issuer	Inland freight	Port/handling	Ocean freight	Insurance	Commission	Discount/ Rebate	Credit cost	Bank charges	Other adjustment	Net ex-factory value	Payment terms	Payment date/reference	Producer invoice no./date (if trader)	Trader margin (if applicable)	Packing expense

Appendix 5A – Transaction-wise domestic sales during POI

Txn no.	Invoice no./date	Customer Name	Related?	Product form/grade	Qty (MT)	Gross invoice value	Currency	Incoterm	Country of origin	Inland freight	Port/handling	Ocean freight	Insurance	Commission	Discount/Rebate	Credit cost	Bank charges	Other adjustment	Net ex-factory value	Payment terms	Payment date/reference	Producer invoice no./date (if trader)	Trader margin (if applicable)	Packing expense

Appendix 6 - POI raw-material/input consumption and material balance

For CPVC compound, CPVC resin must be separately identified. Provide a reconciliation to inventory and production records.

Product output	Input/raw material	Supplier/producer	Country of origin	Opening stock quantity	Purchases/imports quantity	Captive production quantity	Total available	Consumption in production	Other use/transfer	Closing stock quantity	Consumption per MT output	Supporting ledger/material code

Appendix 7 - Production/processing cost information

Provide only for operations actually undertaken by the respondent or related processor. Include principal raw materials, utilities, direct labour, manufacturing overhead, depreciation and other directly relevant conversion/processing costs.

Particular	Unit	Quantity/consumption	Rate	Value	Cost per MT output	Related/unrelated supplier?	Domestic/imported?	Country of origin (if imported)	Basis/source record

Appendix 7A - Rule 25(2)(a) value-add test (conditional)

Complete only where assembly, finishing, completion, compounding or other processing is claimed to be relevant. Report separately by product/grade and, where materially different, by process/facility. Value-add % = (manufacturing cost of the complete/finished article less value of imported parts/components or relevant inputs from countries subject to the existing duty) / manufacturing cost of the complete/finished article x 100. Identify IP/royalty/technical know-how/consultancy payments separately; do not include them in value addition.

Product/grade	Facility/process	Manufacturing cost per MT	Imported subject-country parts/inputs per MT	Value added per MT	Value-add %	IP/royalty/know-how/consultancy per MT	Source/ledger reference

Appendix 8 - Sales/shipments involving relevant countries

Provide annual summaries for pre-POI years. For the POI, provide transaction-wise information for shipments involving China PR/Korea RP, an intermediary entity/country, or a non-direct route to India. Add rows as necessary. **Provide the information in Appendix 8 for sales/shipments of CPVC resin/compound to, from or through Malaysia, Japan, Thailand, China PR or Korea RP during the examination period.**

Year/ POI	Seller/ exporter	Buyer/ importer	Product	Qty (MT)	Value	Currenc y	Country of origin	Country of export	Destination country	Direct/ intermediate shipment	Related?	Remarks / channel of sale	Invoice no./ date	Producer/ actual supplier	BL/ AWB no./ date	Intermediate entity/country	Physical movement / route

Appendix 9 - Pre-duty and post-duty trade pattern

Provide this schedule only if the respondent was engaged in the relevant CPVC activity before the existing anti-dumping duty became effective. At minimum, cover the last complete financial year before the duty, the year in which the duty became effective, and each subsequent year up to the POI. Separate CPVC resin and CPVC compound.

Year/period	Product	Source country	Actual producer/supplier	Country of export	Destination market	Sales/export qty (MT)	Sales/export value	Currency	Channel / intermediary	India customer (if applicable)	Reason for material change	Supporting document reference

FORMAT A - AUTHORISATION LETTER

We hereby authorise/appoint the following person(s)/firm to represent us in the anti-circumvention investigation being conducted by the Designated Authority in Case No. AD/AC/006/2026.

Name of representative/firm	
Address	
Email / Telephone	
Scope of authority	To receive communications; make submissions; appear on our behalf; and undertake other authorised acts in the investigation.
Copy of correspondence	Please send a copy to the respondent at the contact details stated in Section C.

Signature of Chief Executive/Director/Authorised Signatory: _____

Name & Designation: _____

Date: _____
